HELP-WANTED-FEMALE

MISS GREGORY'S TALKS TO YOUNG WOMEN NUMBER 52

There are many women in Washington, I know, who are filled with a patriotic longing to do SOMETHING that will contribute to the winning of the war. They are keenly anxious to "Do their bit," but, never being faced with the necessity of earning money, they lack training in any special line and feel that there is no really useful occupation for which they are fitted.

With such women remuneration DOMESTIC COOK-And general housework in small

With such women remuneration is not the sole object, an intense desire to be patriotically useful is their aim.

desire to be patriotically useful is their aim.

To such women a most useful war work and one that is congenial also is that of becoming a telephone operator. Nor need the lack of training deter them from taking up such work.

The C. & P. Telephone Company offers such women pay while learning; reasonable hours; good salaries, pleasant sanitary surroundings, comfortable restrooms, libraries and other essentials for relaxation and recreation; a lunchroom where wholesome, appetizing meals are served at cost, and sick benefits.

But, most attractive of all, perhaps, is the fact that without telephone operators the telephone system would break down. Without the telephone the whole vast machinery of the government would be halted. The telephone operator is a most important factor in the winning of the war. It is a patriotic profession.
